Nandhakumar S nandharjpm@gmail.com 6374038494 https://snktechdeveloper.blogspot.com/ https://www.linkedin.com/in/00snk/ https://nandharjpm.github.io/Portfolio/aboutme.html github.com/nandharjpm **About Me** Recent graduate with basic knowledge of C, PHP, Laravel, SQL, and Python. I have some experience in Web Development, Vulnerability Assessment, and Networking. I'm eager to work on projects and keep learning. I'm detail-oriented, Delight to working in teams, and I'm quick to pick up new skills and technologies. **Internships** FieldEZ Technologies - Intern Trainee Worked with a team during an internship at FieldEZ Technologies to develop dashboards Aug 2023 - Jan 2024 Received appreciation from management for my contributions to the project. Bangalore, India Intrainz Analyzing security to identify potential threats, Weaknesses, or loopholes in the Jun 2023 - Aug 2023 network and web applications Coimbatore, India Conducted vulnerability assessments and penetration testing to ensure network and data security. Success ICT Jun 2022 – Jul 2022 Develop School Management System Using Front-end and Back-end Technologies like Coimbatore, India PHP and Laravel with MySQL Database **Education** B Tech - Information Technology, SNS College Of Engineering Aug 2020 - Apr 2024 9.5 CGPA Jun 2019 - Mar 2020 HSC, N.A.Annapparaja Memorial Hr. Sec. School 58% Jun 2017 - Mar 2018 SSLC, N.A.Annapparaja Memorial Hr. Sec. School 76% **Technical Skills** Programming: Frameworks: Database: Tools: Python NMAP Metasploit Laravel MySQL HTML, CSS, JS, Jquery(Validations) Linux Netwoking Bootstrap Wireshark Git PHP Certificates Cybersecurity - Nux Software Solution · Python and Network Security - Shape AI · SQL - Prepinsta C with Hacking - SNA Ninja **Projects Maintenance Recorder (2022) Machinery Dealers (2024)** 

Objective: Maintain the record of the Industry problem

Languages: HTML, CSS, SQL, PHP

Tools: VScode, XAMPP Database: MySQL

## Port Range Scanner (2023)

Objective: Scan the open ports of the target domain

Languages: Python Tools: VScode, Wireshark

## **Achivements**

Found RCE vulnerability on tnstc.in Website

Time-based blind SQL injection on <u>Dr.SNSRCAS</u>

 Awarded as runner level in Coding competition - Intellect Ninja (2022) at Kalasalingam Institute of Technology

and develop small-scale industries

Tools: Powerbi, XAMPP, VsCode

Database: MySQL

Languages: HTML, CSS, SQL, PHP, JS

Objective: This project is helpful to applying tender
